

Not President's Day Contest Report

For those who were unable to make it out this past weekend, Saturday was a wind blown day. At 7:00 AM there were just a hand full of guys standing around conversing about the weather and winds. They were from the south at around 15 to 20 M.P.H. More people showed up and a lot more talk and around 8:00 the real winds hit straight from the North. I had everyone wait until 9:00 when I was forced to move everything to Sunday.

Sunday turned out to be one of the best days of the year. We held both events with no problems at all. The new A.M.A. pull test regulations went just fine.

I think most everyone was making sure their stuff was working for the up coming VSC in Tucson. We had a grand total of 19 entries, some coming as far away as Mississippi. That is really nice for a February contest.

Now we have to think about the food at the contest on Sunday. The Ladies always think about keeping us going. Thank you Linda Gleason, Priscella Scott, George "Ham" Hamby, Sandra Lee, Sheila Cranfill, and Lynda Leuty. With the nice temperature we ate, sat around, and visited. Linda and Sandra kept the line moving with cookies and brownies flowing. That is one of the best parts of the weekend. The contests we put on would not be near as nice without their efforts. Thanks for the wonderful job of tabulating: Nan Beavers and Priscella Scott. They made sure we were organized.

Thanks to the following: Judges: Dick Byron, Tom Farmer, and Jerry Leuty. I very much appreciated it and I know that judging is a thankless job but the pilots really appreciate your opinion. Joe Hildreth for keeping the pilots moving and the information flowing. Dave Ek and Tim Soukup for processing the planes and pull tests. Nick DePrima, George "Ham" Hamby, and Joe Hildreth for running scores all day. Very nicely done guys. Maybe next year we will keep the same format.

Thanks for allowing me to be the C.D. again this year. You all make it real easy and make the club look good. Mike Scott
